

**DIRECT MOUNTED METER KIT**

The Direct Mounted Meter Kit includes a pressure gauge with dial, three-way selector valve, connection tubing, fittings for easy installation, and a flow rate chart for estimating rate of flow.

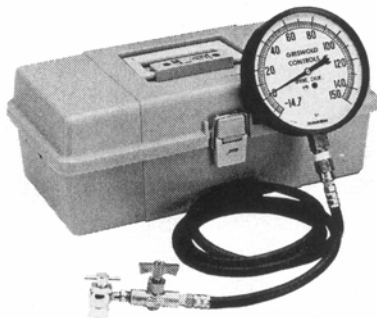

**SPECIFICATIONS:**

- PSI Readout:** -14.7 -150 PSI
- Pressure Gauge:** 4-1/2" dial
- Weight:** 2.5 lbs.
- Assembly:** Kit comes fully assembled.

**MODEL NUMBER**

3411

**SINGLE HOSE METER KIT**

The Single Hose Meter Kit includes a pressure gauge with dial, 5' length of flex hose, shut-off valve, flow conversion chart, and carrying case. Choice of fittings for connecting unit to either a pressure valve or pressure/ temperature valve.

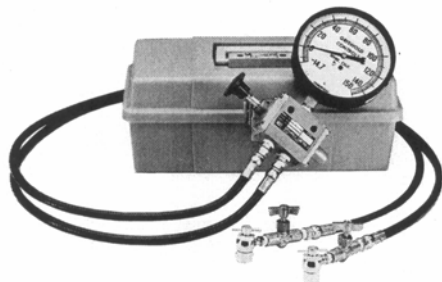

**SPECIFICATIONS:**

- PSI Readout:** -14.7 - 150 PSI
- Pressure Gauge:** 4-1/2" dial
- Weight:** 2 lbs.
- Assembly:** Kit comes fully assembled.

**MODEL NUMBER**

- 3421A (Pressure Valves)
- 3421B (Pressure/Temperature Valves)

**DUAL HOSE METER KIT**

The Dual Hose Meter Kit includes a pressure gauge with dial, three-way push button-operated valve, 5' long dual connection hoses, dual shut-off valves, flow conversion chart, and carrying case. Choice of fittings for connecting unit to either a pressure valve or pressure / temperature valve.

**SPECIFICATIONS:**

- PSI Readout:** -14.7 - 150 PSI
- Pressure Gauge:** 4-1/2" dial
- Weight:** 5.5 lbs.
- Assembly:** Kit comes fully assembled.

**MODEL NUMBER**

- 3429A (Pressure Valves)
- 3429B (Pressure/Temperature Valves)
