

Since 1960 Griswold Controls has been proud to design and manufacturer Flow Control valves in Irvine, California, USA. Griswold Controls valves meet the Buy American Act requirements.¹

While a few of the plumbing components are purchased from overseas vendors they are assembled into product in Irvine, California with other components that are manufactured in our factory in the United States.

Since Griswold Controls Valves meet the requirements of the Buy American Act they also meet the provisions set forth in the American Recovery and Reinvestment Act of 2009 ("ARRA") section 1605.

NOTES

¹ All valves meet these requirements except QuickDisc, SpeedSet, Y-strainer, Butterfly, and Ball Valves sold as separate components, not in a CPP.
